THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES, WITHIN THE MEANING OF TITLE 18, SECTIONS 793 AND 794, OF THE U.S. CODE, AS AMENDED. ITS TRANSMISSION OR REVELATION OF ITS CONTENTS TO OR RECEIPT BY AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. THE REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

1. Training Center of the Rumanian Peoples Republic's (RPR) Army headquarters: The center is located in wooden barracks in the village of Cincu Mare, district of Fagaras. It is under the authority of the Rumanian Army General Staff. The center has a regiment for instruction. The regiment carries out exercises and combat problems which are demonstrated to the active and reserve officers sent to the center for training.
2. Infantry Training Center headquarters: Sfantul Gheorghe. It is subordinate to the Infantry Command. The center experiments with new armaments or arms which have been modified and changed. Combat problems for the infantry are carried out by active and reserve officers, students of the military academies, and of infantry officers schools. There are also courses for high ranking officers and generals.
3. Training center of the Engineers headquarters: Ramnicul Valcea. The center is subordinate to the Army Engineer Command. Specialists in all arms are instructed. New models of communications equipment are tested and exercises are carried out to serve as models for officers of all branches of the Rumanian Army.
4. Artillery Training Center headquarters: Dadilov railroad station, Mihai Bravu, located 44 kilometers south of Bucharest on the Bucharest-Giurgiu railroad line. It is subordinate to the RPR Artillery Command. Artillery equipment is tried out at this center. There are also artillery firing and topography courses, with artillery officers and sub-officers attending. Specialized personnel is also trained to become accustomed to specialized arms and terrain observation.

5. Cavalry Training Center headquarters: Sfantul Gheorghe. It is subordinate to the Army Cavalry Command, and carries out exercises for the cavalry arm.
6. Training Center of the Air Force headquarters: Buzau, at the airport southwest of the city. It is subordinate to the Air Force Command. New airplane models are tested there. Pilots are trained in new models of Soviet bombers and fighters.
7. Training Center for Paratroopers and Airborne Troops headquarters: The Clinceni airport, 12 kilometers southwest of Bucharest. It is subordinate to the Air Force Command. At this center paratroopers are trained to jump. A center also trains airborne troops according to Soviet tactics.
8. Training Center for Tanks and Motorized Troops headquarters: Pitesti. It is subordinate to the Motorized Troop Command. At this center exercises are carried out with new weapons, and specialists (such as chauffeurs and mechanics) are trained for other branches of the army.
9. Training Center of the Antiaircraft Artillery headquarters: Stalin (Brasov), on the Stalin-Sfantu Petru road, across from the Stalin Airport. It is subordinate to the RPR Artillery Command; firing with live ammunition is carried out and new arms are used at this center. Central firing control and detecting devices are tested. Specialists for watch and observation posts are trained, both for the antiaircraft artillery and for other branches of the army.
10. Political Training Center headquarters: The village of Breaza, district of Campina, 105 kilometers north of Bucharest. Special courses are conducted for the political commissars for army units of all sizes. There are also advanced courses for political officers who desire promotions. Among those trained at this center are regular army career officers from the Military Academy and other military schools, reserve officers called to active duty and reserve officers intending to become regular army officers.
11. Training Center for Technicians headquarters: Gaesti, district of Dambovita, 73 kilometers northwest of Bucharest. This center trains technical officers belonging to all branches of the army. It also trains officers of the motorized troops in the care of material and equipment.
12. Border Guard Training Center for officers headquarters: Bucharest, barracks of the 1 Border Guard Regiment, on the Drumul Serii (Evening Road), in the Cotroceni quarter. Border Guard officers are trained in special frontier guarding measures, such as alarms, mining, watches, patrols, use of light signals, police dogs, et cetera.
13. Training Center for Security Officers headquarters: Bucharest. Specialized training for security officers is carried out here: Surveillance, investigations, gathering information, anti-sabotage and anti-partisan activities.
14. Training Center of MAI troops (Ministry of Interior) headquarters: Oradea. Special training courses are given for officers of the MAI troops: security, border guarding, and fire fighting.
15. Border Guard Training Centers headquarters: Cobadin, Giurgiu, Orsova, Lugoj, Salonta, Baia Mare. Recruits are trained at these centers for Border Guard units. They undergo a five month training period, during which they receive infantry training. After this they are sent to the various Border Guard units on the frontier.
